

PhD Scholarships for the Doctoral Program in Business and Regional Competitiveness, Innovation and Sustainability (CETIS) at Universidad Pontificia Comillas in MADRID

DEADLINE: 30 April 2023 (CET)

Two positions for a three-year pre-doctoral contract are opened. Research proposals must fit with the overall [research lines of the program and faculty](#), based on the commitment to promote research with social impact.

One of the scholarships will be co-supervised by a member of the faculty of the [University of Strathclyde Glasgow](#). The doctoral student will be located in Madrid but will be required to do at least a three-month research stay at this university to obtain the International PhD.

Requirements: Candidates must hold an MRes or MSc with good grades, a level of English equivalent to C1, and a basic knowledge of Spanish (A2).

What we offer:

- A 3-year contract (biannually revised)
- Salary of 21.486,54 € (gross) and a 90% discount on PhD fees
- Research stays in leading universities
- A vibrant and passionate research team with a strong record of publications
- Opportunity to live in the warm and interesting city of Madrid

To know more about our PhD, visit the [CETIS Programme](#) website.

HOW TO APPLY: Applications must be submitted online [HERE](#). Please, carefully read the application instructions and eligibility criteria before submitting.
